

Sustainable Energy & Transport Exhibition

All schools in the pyramid are invited to submit projects for display at the **BEST Sustainable Energy and Transport Conference** which will take place in the Spring of 2010.

Each school will receive at least **£100** to help with the costs of producing the display.

The display must follow the theme of **Sustainable Energy and Transport** and will give children and young people the opportunity to put forward their ideas to a wide ranging audience of Academics, Engineers, Local Authority Energy and Transport Consultants as well as national and global industrial and commercial producers of energy, transport systems and vehicles.

The project/display must be ready and be delivered to **Samuel Whitbread Community College** by Friday 29th January 2010.

To enter the competition, simply email **best@swcc.sch.uk** with your name and schools and we will forward your cheque for £100.

All entries will also be on display at Samuel Whitbread Community College, in The Street, during the **BEST FESTIVAL** which will take place from the 12th to the 16th July 2010.
